

Measurement Solutions
Manufacturer's Representative, and, Systems Integrator
Arizona, New Mexico, West Texas

Applications Engineering:

Mark Anderson: 480-897-0300 Mark@MeaSol.com

Keith Skidmore: 480-495-3322 Keith@MeaSol.com

web site: www.MeaSol.com

Measurement Solutions specializes in all types of sensors, transducers, signal conditioning, data acquisition, and, calibration equipment.

Anything for: Load, Force, Torque, Acceleration, Distance, Flow, Level, Displacement, Position, Tilt/angle, Pressure, Temperature, etc....

Acuity Laser: Laser Measurement Sensors, Laser Profile Scanners, and, CCS Confocal Systems. Precision instruments use Triangulation, Time-Of-Flight, and, Chromatic Displacement technologies:
<http://www.MeaSol.com/Products/Acuity.html>

API (Absolute Process Instruments): Signal Conditioners, Isolators, Splitters, DC-DC Converters, Alarm Modules: Push-Button Programmable; Microprocessor; Bus Powered. Digital Gauges:
<http://www.MeaSol.com/Products/API.html>

ASG (Alliance Sensors Group): Industrial Position Sensors. Linear Position Sensors, Rotary / Angular Sensors, LVIT Signal Conditioners and Support Electronics from H. G. Schaevitz:
<http://www.MeaSol.com/Products/ASG.html>

IMPERIAL INSTRUMENTS: Custom Load and Torque sensors / assemblies. Low cost and, high precision signal conditioners. Standard & Customized strain gage Instrumentation:
http://www.MeaSol.com/Products/Imperial_Instruments.html

INTERFACE: Load, force, & torque sensors. High accuracy, and low cost versions, Miniature, Multi-Component, and, Torque with Angle. #1 world-wide:
<http://www.MeaSol.com/Products/Force&Strain.html>

MAGNETROL: Level & Flow transmitters & switches & Visual Indicators. Non-Contact Radar, Ultrasonic. For Water & Wastewater applications:
<http://www.MeaSol.com/Products/Level.html>

PRECISION DIGITAL: Displays, Digital Panel Meters, Controllers, Annunciators, etc...:
<http://www.MeaSol.com/Products/DigitalDisplays.html>

PRESSURE multiple mfg'ers for aerospace, automotive, HVAC, and, industrial applications.
<http://www.MeaSol.com/Products/Pressure.html>

RDP ElectroSense: Linear position sensors, LVDTs with infinite resolution and extremely rugged; Digital Displays; LVDT Signal Conditioners; Multi-Channel Instrumentation:
<http://www.MeaSol.com/Products/RDP.html>

TEKSCAN: Pressure distribution & Force distribution monitoring systems, using a thin, flexible, film sensor mats. Real-time, wireless, and, high speed versions:
<http://www.MeaSol.com/Products/TekScan.html>

TEMPERATURE: Thermocouples, &, RTDs. Off the shelf & custom assemblies:
<http://www.MeaSol.com/Products/Temperature.html>

Test Stands / Data Acquisition Systems: PC based monitoring & test systems – such as product testing, and, quality control for Aerospace, Semiconductor, Municipal, & Manufacturing companies:
<http://www.MeaSol.com/Products/DataAcquisistion.html>
